IFSTRUCK SIDEWAYS

By a Cyclone; if ducked in a deluge; or if licked by livid tongues of flame,

LLOYD

Thinks that a lot of Toys and Fancy Goods he has just got a hold of could not be in a more sorry plight than they are.

Mussed, Tossed, Soiled,

SCRATCHED.

Dolls sans eyes, Toy Tables sans legs, Wagons short on wheels—in fact, on the whole, as they lay.

They're a Sealy-Looking Crowd.

But not so bad as they seem to be, and a little labor spent on them would improve 'em greatly. Originally they cost a great deal, but to

LLOYD

They did not cost much of anything, so he proposes to have some fun in letting them go at about half nothing

TOMORROW.

The whole laid out on six separate tables—all on a table at a uniform price.

One-Cent Table

Consists of Dolls, Books, Toy Whips, Tin Wagons, Picture Frames, Pop Guns, Horses, Cats, Dogs, Monkeys, Circuses, etc., etc.

5 Cent Table.

10 Cent Table.

15 Cent Table.

25 Cent Table.

35 Cent Table.

Wondrously Loaded Tables. Come early; pitch in, as among the lot are many goods worth, if perfect, as high as three, four, and five dollars each.

Opening Daily, NEW HOLIDAY GOODS!

Choice, Rich, Elegant.

Prices lower than any ever named before on the American Continent.

Entire production of the largest silk mill in France.

Two thousand pieces magnificent RADZIMIR DRESS SILKS cut down to the extreme low price of 39 cents, all colors and Black. This Silk was actually made for the Paris market to be retailed at 6 FRANCS IN GOLD, which is equal to $1.15. The sale will entail a loss of several thousand dollars, yet we are bound to fulfill our claim of being the greatest value-giving dry-goods firm in America.

In order to fully substantiate this fact we place on sale, with our other great values this week, 25 pieces heavy grosgrain proof, sellable Black Silks at 75c and $1.15, retailed usually for $1.35 and $1.60.

20 pieces nice Black Silk Tie, such as you usually pay $1.00 for.

The prices on Velvets of all grades cut to pieces.

The colored Cashmeres, usually sold for 75c, we will sell for 25c.

The colored Cashmeres, usually sold for $1.00, we sell for 75c.

Black Cashmere, usually sold for 50, 75c, and $1.00, we sell for 39, 65, and 85c.

French dress goods, usually retailed on State for 35, 50, and 65c, we sell at 15, 19, and 25c.

100 Misses' and Children's Berlin Cloaks less than American goods.

20 thousand dollars worth of Ladies' Cloaks received this week from a New York manufacturer.

Rely on us for low prices.

The Standard (D) Congress has to confirm for United States Senator from Ohio—Mr. Henry B. Payne—who is also endorsed to be their preference for President. In order to help his prospects it has been decided to detail the members of John G. Thompson for the position of Sergeant-at-Arms of the House of Representatives. As Thompson is a Freeman man his defeat would mean that gentleman. After Mr. Payne has been made Senator, it would not be difficult to push his presidential interest as a candidate to the next Democratic convention for nominating Presidential candidates. The Standard (D) Congress already has one Senator in Washington, but it is not enough to have two.

In Congress by Fighting Bates, has made a similar "union." The free manufacturers of Conshohocken, Pa., have offered a solution from the tax to the letting of their establishments. By and by the workingmen of this country will understand that when the factitious talk to them about the beneficial action of the tariff on wages is a hollow, [illegible] of protection raising their wages is to be a special recognition by force of a statement spelling which makes the wise a man.

The Emperor of Germany has notified the President of France that the Crown Prince will return home from his Riviera visit via Paris. The visit is a much more common and one than the long way round by rail, as the trip to Nice, and much shorter, but it is doubtful whether the shortness of distance or economy in fuel-bill work to the will this prize settlement. Having mulled and insulted their new Uhlan, Alsace, the old Emperor probably is now anxious to see what the Parisians will do with the old Uhlan, "Clear Fritz." He needs his boy to Paris with a city on his shoulder to see what Frenchmen mean to knock it off. It may be, however, that the Emperor is really anxious to be rides, and that the city was put on Fritz's shoulder by that grim old joker, Bismarck.

[illegible]

Monopoly combinations are forming on every side in the industry of the country. One of the newest and most formidable of these offshoots which aims to control the coke interests of Pennsylvania, Connellsville, who now owns the control of the Reading Railroad, which holds or gas coal of the anthracite coal basin of Pennsylvania to its corporate fold, has formed a syndicate with Carnegie, the great steel manufacturer, and some other millionaires, and they have for some months been quietly engaged in buying up the large plants in the neighborhood of Pittsburg, which is the center of the interest. Their latest acquisition is the Henri Denbleck property, near Uniontown, in Pennsylvania. It is known as one of the best in the State, and its complete completion the consolidation of the coke interests about Pittsburg in the hands of the syndicate. The Connellsville coke which this combination seeks to monopolize is of National importance. Its superiority as a fuel in the reduction of ores is so great that it is shipped as far west as Denver. The Vanderbilt-Carnegie syndicate will need to carry out its plans in the coke-field something like ten or fifteen millions of dollars, but that is nothing to them. When they have accomplished their design of establishing a permanent corner on coke they will not be likely to have to grow to be fixed by the "laws of trade."

A PRESCRIPTION FOR DYSPEPSIA.

Certain, harmless, rational, and most agreeable of all, no drugs necessary. By complying with the following suggestions of the symptoms of dyspepsia, such as distress of stomach, nervousness, insomnia, languidness, sick headache, heartburn, etc., etc., will disappear, the sufferer will again be cheerful, able to fulfill his duties and to enjoy life. Thousands have been profited already and many thousands more can be made happy also. Now for the prescription:

Breakfast—A slice or two of toast or oatmeal or cracked wheat, a cup of coffee or tea (if desired), and a glass of Arend's Kumyss.

Dinner—A moderate piece of lean beef or mutton, a mealy potato or two, a little bread and a glass of Arend's Kumyss.

Supper—No solid food whatever, simply one or two glasses of Arend's Kumyss. A glass of Kumyss may also be taken on retiring. Most people sleep better on it.

Though the regimen of diet may seem severe to such as are in the habit of satisfying the appetite (not distinguishing between appetite and hunger), yet scientific investigation and experience have proved that it is sufficient for all but hard laborers. Who can doubt that the dyspeptic grows fairly, healthy, hearty, where on a richer diet he was poor, weak, and sickly. One week's trial will tell the story and prove the logic of above suggestions. If you do not know what Arend's Kumyss is you can have a treatise thereon mailed to you, gratis, by addressing

Royal, Rich Red Blood.

In this country we are all kings, and we are all entitled to have as good blood as that which courses through the veins of emperors.

There are princes and millionaires, languishing in feebleness and broken-down bodily health, who would be glad to have the strength of the humblest laboring man.

And there are many people who are neither kings, emperors, nor millionaires, whose blood is thin, whose circulation is poor, who are suffering from lassitude and debility, and who know not the pleasure of a hearty meal and the enjoyment of being able to do a good day's work.

If such people will put some iron into their blood, they will vitalize and enrich it. They can do this by the use of Brown's Iron Bitters, the purest and most excellent iron medicine ever made. Thousands who were weak, languid, pale and prostrated, are now happy to say that Brown's Iron Bitters brought them up and gave them new life.
